

Labor and Employment

The following is material to consider for your syllabus. Specifically, there is:

- 1 Scholarly writing on labor and employment written by diverse scholars and experts
- 2 Scholarly writing providing geographic variety and geographically varied perspectives
- 3 Studies and analyses examining diversity, equity and inclusion-related dimensions of labor and employment

This is a living document; resources will be added and altered over time to ensure timeliness and quality. We would welcome your contributions and feedback.
